STARTING 17TH OCTOBER

Think Pharmacy First

To all parents and carers in Cheshire and Merseyside

Did you know... as well as offering advice and over the counter treatments for lots of childhood illnesses, pharmacies can now offer clinical appointments and prescription medications (if needed) for these four common conditions in children?

- Ear ache (children aged 1-17)
- Sore throat (age 5 and over)
- Infected insect bites (age 1 and over)
- Impetigo (age 1 and over)

This **Pharmacy First** service is available at most community pharmacies in Cheshire and Merseyside.

Fast advice and treatment

When your child is feeling unwell and off school with one of these conditions, you want the right help as quickly as possible.

Pharmacies can often provide a **same day consultation with a trained clinical professional**, giving you access to advice and medication all in one place, without the need for a GP appointment first.

This means they could be on the road to recovery and back at school much sooner.

So remember:

If your child has an ear ache, sore throat, symptoms of impetigo or a suspected infected bite, **think Pharmacy First!**

Think pharmacy first

TA Recruitment

We are seeking to appoint a calm, caring, and highly motivated Teaching Assistant to work within our team. We are looking for someone who can persevere through challenges and bring a nurturing approach to supporting children's learning and development. The ideal candidate will have a strong understanding of SEND, particularly ADHD and autism, and experience in adapting to the diverse needs of learners. Applicants must have a TA qualification or relevant experience working in a school setting. Our school community places the highest priority on safeguarding children. All applicants will be subject to rigorous vetting and induction processes, including disqualification checks. For more information and to apply, please get in touch with Mrs Cairns or the school office.
